DAVID THOMPSON & TREVOR BENJAMIN

UNDAUNTED

STALINGRAD

Stalingrad, 1942.

Before you awaits a gruelling conflict in this keystone battleground. Every casualty suffered in battle will weaken your forces for the entire campaign. Every bomb blast and mortar shell leaves the very ground for which you are fighting in further ruin. Over the course of up to fifteen branching scenarios, you will decide the fate of Stalingrad and, perhaps, the war itself. Though the consequences of your actions will persist, the game itself can be fully reset and replayed, allowing you to explore every potential outcome.

Undaunted: Stalingrad is a monumental standalone game that expands the series' scope and challenge beyond anything that's come before. Return to the award-winning deck-building game of tactical World War II combat with new units and actions, bespoke mission briefings, and an all-new integrated branching campaign.

Author: Joseph A. McCullough

Illustrator: RU-MOR

Available: July 2022

ISBN: 9781472852250

Price: £20 / \$30 / CAN \$40

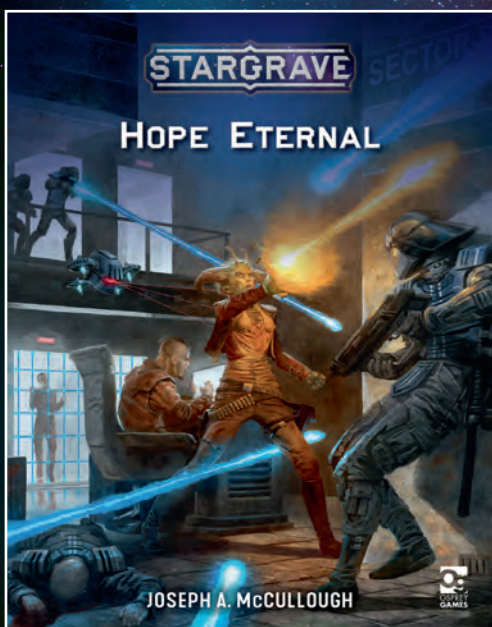

Format: Paperback

This supplement for *Frostgrave* provides players with new tools to build, animate, field, and face constructs in their games.

In the glory days of Ancient Felstad, artisans competed to produce the most beautiful, the most functional, and the most enduring constructs. These living works of art could be seen fulfilling many of the day-to-day tasks that kept the magical metropolis running. Then came the cataclysm. The ice and snow not only buried and destroyed most of the constructs, but nearly wiped out the knowledge of their creation.

This supplement provides a study of constructs, offering expanded rules for their creation, modification, and even re-animation. It also includes a bestiary full of new constructs and several scenarios set in the once-great factories where the art of construct creation reached its pinnacle.

Since the end of the Last War, the great pirate fleets have roamed the ruins of the galaxy, pillaging, extorting, and enslaving. No one has had the power to stand against them, and the desperate few who have tried have been quickly and brutally crushed. However, when the independent crews are hired for a simple hostage rescue, it leads to a dangerous opportunity to strike a blow against tyranny.

Hope Eternal is a solo and cooperative expansion for *Stargrave*. Along with full rules for playing the game in this new style, the book contains an intricate campaign of connected scenarios.
