GREETINGS FROM OSPREY GAMES HQ!

This year has been… different, to say the least. I would like to start this letter by saying a huge thank you for your continued support in these challenging times, and to assure you that the Osprey Games team is still hard at work, producing new releases that we hope will provide entertainment and enjoyment for you and your customers.

In our board games range, we’re delighted to be releasing *Merv: The Heart of the Silk Road* in October. *Merv* is a mid-weight economic game that sees players vying to amass power and wealth in one of the Silk Road’s greatest cities, while the threat of Mongol invasion looms on the horizon. We’re also expanding the critically acclaimed Undaunted series with *undaunted: North Africa*, pitting the Long Range Desert Group against the Italian Army in the North African campaign of World War II. Finally, we have two new games from award-winning designer Peer Sylvester, with *Village Green: A Game of Pretty Gardens & Petty Grudges* releasing in September and *The King is Dead: Second Edition* coming in November.

For wargamers, we’re publishing the eagerly anticipated *Frostgrave: Second Edition* in August, marking the start of a new chapter for the multi-award winning fantasy skirmish wargame. We also have Ash Barker’s *Gamma Wolves: Post-Apocalyptic Mecha Warfare* and two supplements for *Oathmark: Battles of the Lost Age*, the new mass-battle fantasy game created by Joseph A. McCullough. The award-winning *Bolt Action* series marches onward, with *Bolt Action: Campaign: Mariana & Palau Islands* offering players more options for the Pacific Theatre of World War II.

Our new line of roleplaying games continues to grow, with the wuxia martial arts action of *Righteous Blood, Ruthless Blades* arriving in October and the dark, industrial science fiction of *Those Dark Places* in November.

HEAD OF OSPREY GAMES
The ancient city of Merv. Gateway between East and West. The heart of the silk road.

In Merv players are vying to amass power and wealth. Through careful court intrigue, timely donations to the grand mosque, and favourable trade deals, players attempt to redirect as much of that prosperity as possible into their own pockets.

Meanwhile, beyond the city walls Mongol hordes approach. If you help construct the city walls you give up on precious opportunities to build up your own stature, but leave it unprotected and you will burn with the city. Every decision is weighty and the consequences of each misstep are dire. Will you rise to prominence or fade into oblivion?

It’s the first day of spring, and there’s only one thing on everyone’s mind – the Village Green of the Year competition! In just a few months, the judges of this prestigious contest will be visiting, and the village council have finally put you in charge of the preparations. With your newfound authority, you can show those snobs from Lower Aynesmore just what a properly orchestrated floral arrangement looks like!

In Village Green you are rival gardeners, tasked by your respective communities with arranging flowers, planting trees, commissioning statues, and building ponds. You must place each element carefully – time is tight and the stakes couldn’t be higher! Split your days between acquiring and installing new features for your green and nominating it for one of the competition’s many awards. Will your village green become the local laughing stock, or make the neighbouring villages green with envy?

The King is dead. The kingdom is divided.

Three factions – the Scottish, the Welsh, and the English – vie for control and, across the sea, foreign invaders prepare to take advantage of the chaos. Players must marshal their limited resources to influence this power struggle, while ensuring that the faction that rises to dominate the realm favours them above all other claimants to the throne.

The King is Dead: Second Edition refreshes the accessible yet strikingly deep game with updated graphic design, gorgeous new artwork, and a brand-new asymmetric game mode for advanced play.

Undaunted: Normandy is a deck-building game that places you and your opponent in command of American or German forces, fighting through a series of missions critical to the outcome of World War II. Use your cards to seize the initiative, bolster your forces, or control your troops on the battlefield. Strong leadership can turn the tide of battle in your favour, but reckless decisions could prove catastrophic, as every casualty you take removes a card from your deck. Take charge amidst the chaos of battle, hold fast in the face of opposition, and remain undaunted.

The North African campaign has begun. Take control of the British Army’s Long Range Desert Group and operate behind enemy lines or command the formidable Italian forces opposing them. In this standalone sequel to Undaunted: Normandy, players will once again lead their sides through a varied series of missions. As casualties mount, wounded soldiers leave the players’ decks, forcing them to adapt in the face of changing tactical circumstances. FROSTGRAVE: THE RED KING

Author: Joseph A. McCullough

Fires rage throughout the Frozen City as an inhuman army pours out of the cracks between realities. In the distant past, a cabal of city elders sought to save their lives by making a pact with a demon prince… and now the Red King has come to collect what he is owed, claiming Frostgrave as his own.

The Red King is the first supplement designed for Frostgrave: Second Edition. In this sprawling, epic campaign, wizards will be pushed to their limits, fighting not only against one another and the perils of the Frozen City, but also against an invading army. As the Red King’s power grows, the laws of magic and nature will start to bend. Can the wizards put aside their differences long enough to oppose this common foe, or will greed and mistrust doom them all?
FROSTGRAVE: WIZARD EYE: THE ART OF FROSTGRAVE

Authors: Joseph A. McCullough, Dmitry Burmak & Kate Burmak
Available: October 2020
ISBN: 9781472837462
Price: £30 / US $40 / CAN $54.50
Format: Hardback

Even before the original Frostgrave rulebook landed in players’ hands, its artwork, previewed in the run-up to release, attracted widespread attention and acclaim. Today, some eight volumes, two novels, and seven boxed sets of plastic miniatures later, Dmitry and Kate Burmak have produced more than 85 illustrations, guided by the concepts developed by Frostgrave creator Joseph A. McCullough. Together, these three have breathed life into the Frozen City, depicting the wizards, warriors, and creatures that call it home.

With behind-the-scenes content, including concepts, sketches, work-in-progress shots, and commentary from the creators, this lavish volume features all the artwork produced for Frostgrave – from the rulebook that started it all to the Perilous Dark supplement.
